

## **SFS Performance Policy Statement**

“To provide high specification products, innovative solutions and a professional service to our client base. We are committed to achieving our client’s requirements by supplying quality products to the agreed specifications; ensuring timely deliveries and working in a cost effective manner.”

SFS Performance will work towards continually improving the companies’ management system in order to improve our business performance to the benefit of Customers, Employees & Suppliers alike.

SFS Performance will achieve this Policy by operating the companies ISO 9001 system and ensuring:

- The achievement of Company Objectives.
- Implementing Corrective and Preventative actions to ensure defect free products.
- Ensuring that products meet Statutory and Mandatory Requirements.
- Working towards getting our products right first time.
- Work towards continually improving all aspects of the business.
- Ensuring we will be Competitive in every market we enter.
- Ensuring our customers are satisfied with everything we do.
